- IDEs (Integrated Development Environments) such as Visual Studio Code
- Package Managers (npm)
- Atlassian products (Jira, Confluence)

#### Soft Skills:

- Problem-solving
- Attention to detail
- Communication skills
- Teamwork
- Time management

### ABOUT ME

Hello, I'm Marshall, a dedicated web developer with a passion for creating intuitive and visually appealing web pages. With expertise in industry-standard tools like **Microsoft Visual Studio Code, Node.js, Bootstrap**, and **RESTful APIs**, I have a solid foundation in modern web development.

I excel in problem-solving and thrive in collaborative team environments. By leveraging my strong attention to detail, I ensure that every aspect of a project is meticulously crafted to deliver exceptional user experiences. I am committed to staying up-to-date with the latest web development standards and continuously honing my skills.

What truly drives me is the opportunity to work on **socially impactful** projects. I find great satisfaction in tackling complex logical problems and contributing to the creation of **innovative solutions**. Adaptable and proactive, I embrace challenges head-on and bring a creative mindset to every project I undertake.

I am excited to leverage my expertise and contribute to the success of dynamic web development teams. *Let's connect and create something remarkable together.*

### EDUCATION

#### University of Central Florida

edX Fullstack Bootcamp Spring 2023

- Developed a strong understanding of web development principles and methodologies.
- Collaborated with multidisciplinary teams on various projects.
- Completed coursework in multiple coding languages, human-computer interaction, and machine learning.

### RELATED WORK EXPERIENCE

#### Inphlu Inc.

Junior Web Developer | March 2022 - July 2022

- Worked with a web development team in a WordPress based development environment utilizing machine learning to develop algorithm-based code which would automatically generate social media posts for corporate level enterprises and local businesses alike.
- Self-managed time to ensure product delivery met deadline dates.
- Developed onboarding programs for new users to interact with to increase usability and fresh-user experiences.
- Attended daily stand-up meetings and completed daily kanban board tasks.

### OTHER WORK

#### Starbucks Corporation

Assistant Store Manager | February 2016 - January 2022

### OTHER CERTIFICATES AND AWARDS

#### LinkedIn Coding Certifications

- JavaScript proficiency
- HTML / CSS proficiency
- Node.js proficiency
